Special thanks to Susie Spurdens for her hard work and diligence, without whose efforts this issue would not have been possible. Also thanks to David Morin and Paul Lalonde for their generous assistance.

Parallax is an issue of The Fifth Column magazine produced by the students of the History and Theory Masters of Architecture Program directed by Dr. Alberto Pérez-Gómez. This issue is devoted to the publication of works from the inaugural year students, faculty and 'friends' of the program, which is presently entering its third year at McGill University.

ERRATUM

We wish to apologize to the author of "Panopticism in the Utopian Visions of Ledoux and Le Corbusier" in Vol. 7 no. 2 of The Fifth Column on Technology and the Architect, the author's name should have read Cynthia Cheung.
